

Doxy.me

- 3 Levels
 - Free
 - Professional - \$35/mo
 - Clinic – Price dependent on # of providers
- HIPAA Compliant
 - It generates a BAA for you
 - Even for the free version
- Pros
 - Extremely easy to create an account
 - It generates a unique link for you that you can send in an email to your families
 - Nice waiting room and patient queue
 - Text Chat
 - Meeting History
- Cons
 - The free version does not have screenshare (upgrade to Professional)
 - The free version does not have group calling (upgrade to Professional)
 - No whiteboard functionality

Zoom

- 4 Levels
 - Free
 - Pro \$14.99/mo
 - Business \$19.99/mo (min of 10 hosts)
 - Enterprise \$19.99/mo (min of 50 hosts)
 - There is a Zoom for Telehealth but it is difficult to get pricing and information for this plan
- Pros
 - Well known
 - Has lots of group features
 - Screenshare
- Cons
 - 40 minute limit on group meetings with the free plan
 - Not HIPAA compliant
 - No whiteboard functionality

VSee

- 2 Plans
 - Basic \$49.00/mo
 - Enterprise – Cost unknown
- Pros
 - Unlimited video calls
 - Custom link for patient invites
 - Integrated intake, consent, and patient triage queue
 - HIPAA Compliant (with BAA)
 - Screenshare and File transfer
- Cons

- It doesn't appear to have screenshare or whiteboard functionality

Theraplatform

- 3 Plans
 - Basic \$29/mo
 - Pro \$39/mo
 - Pro Plus \$59/mo
- Pros
 - HIPAA Compliant for any plan
 - Unlimited clients/sessions/minutes
 - Screensharing and whiteboard functionality with Pro or Pro Plus plans
- Cons
 - For the Pro and Pro Plus plans, Theraplatform offers full clinic management tools. If you don't need a platform that offers all the clinic management tools, this may be more than you need.
- Others that can be used according OCR
 - Simple Platform (recommended by PTPN)
 - FaceTime
 - Facebook Messenger Video Chat
 - Google Hangouts Video
 - Skype
- NOT ALLOWED
 - Facebook Live
 - Twitch
 - TikTok
