

PEDIATRIC FEEDING DISORDER: EARLY IDENTIFICATION

Thursday, September 28, 2023 at 7:00 PM ET - 8:00 PM ET

Presenter: Jaclyn Pederson, MHI, Feeding Matters CEO

Presentation Summary

This presentation will provide an overview of the diagnostic criteria for Pediatric Feeding Disorder (PFD) along with introduce participants to the Infant and Child Feeding Questionnaire (ICFQ), enabling participants to screen for pediatric feeding disorder and make timely referrals for services when appropriate.

Learning Objectives

Course participants will be able to:

- Define the diagnostic criteria Pediatric Feeding Disorder (PFD), including 4 contributing domains
- Examine the Infant and Child Feeding Questionnaire, including psychometric properties
- Identify how implementation for the ICFQ will lead to increased early referral in Ohio
